- Facilities upgrades at White Sands Test Facility—Estimate RFP Releases in 1<sup>st</sup> and 2<sup>nd</sup> quarters FY09
- CEV cockpit design layout—Estimate RFP Release in 2<sup>nd</sup> quarter FY09

## **Doing Business with Businesses**

#### Doing business with Small Business—new issues

- ➤ Changes in Small Business Regulations
  - ➤ Rerepresentation of small business status
  - ➤ Self-certification of small disadvantaged businesses; SBA discontinuing that certification.

#### Joint Ventures & Teaming

- Ostensible Subcontractor language in RFP's
- Often the best way for small businesses to "get their foot in the door"

#### Doing business with Large Business

- Encouraging subcontracting with small businesses for meaningful, high-tech work
- ➤ Subcontracting goals are challenging in this start-up phase of the new Constellation program

# Center Specific Issues, Initiatives, and Highlights

#### **JSC Initiatives & Highlights**

- Active JSC Prime Contractors Roundtable—monthly meeting of JSC and prime contractors, to discuss common issues, identify concerns and best practices
- Inaugurated semi-monthly Joint Counseling Sessions—JSC and prime contractors schedule small businesses to meet, present their capabilities.
- Uniform Methodology Templates Team—cross-organizational team developed templates for Uniform Methodology analysis and documentation at three levels (over \$50M, \$10-\$50M, under \$10M), shared best practices and streamlined documentation.
